

Our partnership with Nepal...

We were very excited that we had received funding from the British Council to be part of a Connecting Classroom project this year. We had been partnered with Apex school in Kathmandu, Nepal and will be working alongside staff and children within this setting to look at the issue of waste disposal at both a local and global level. Both Consett Infant School and Consett Junior school are also involved with this project.

Mrs Graham and Mrs Piggott travelled to Nepal in November to work in our partner school, here they got to know the staff and children and were able to bring back first-hand resources for the children in Consett. Similarly, the Nepalese teacher will visit our school in June 2020 to meet the children, share experiences from Nepal and learn about our community.

This was a fantastic opportunity for our children to learn about the Nepalese culture and customs, expand their horizons and develop a worldwide view of environmental health and how this impacts upon a culture other than their own through first hand study and exploration. We will be organising a celebration event at the end of the year to celebrate this work to which you will all be invited.
