Rationale

The Early Years Pupil Premium Grant is a Government initiative that targets extra money at pupils from deprived backgrounds. Research shows that pupils from deprived backgrounds underachieve compared to their non-deprived peers. The premium is provided in order to support these pupil in reaching their potential. The Government have used pupils entitled to Free School Meals as an indicator for deprivation and have deployed a fixed amount of money to schools per pupil, based on the number of pupils registered for Free School Meals over a rolling six year period (Ever 6 Pupils). The fixed amount on money is expected to increase every year over the course of this current Parliament. At Beechdale Nursery School we are using the indicator of those eligible for Free School Meals as well as identified vulnerable groups as our target children to 'close the gap' regarding attainment.

The Government is not instructing school how they should spend this money, it is not ring-fenced. The Government however is clear that schools will need to employ the strategies that they know will support their pupils to increase their attainment and that they will be accountable for 'closing the gap'.

In order to meet the above requirements, Beechdale Nursery School will ensure that provision is made which secures the teaching and learning opportunities that meet the needs of all pupils. As part of the additional provision made for pupils who belong to vulnerable groups we will ensure that the needs of the socially disadvantaged pupils are adequately assessed and addressed through termly pupil progress meetings and data analysis. In making provision for socially disadvantaged pupils, we recognise that not all pupils who receive Free School Meals will be

socially disadvantaged. We also recognise that not all pupils who are socially disadvantaged are registered or qualify for free school meals. We reserve the right therefore to allocate the Early Years Pupil Premium Grant to support any pupil or groups of pupils that we legitimately identified as being socially disadvantaged. Limited funding and resources will also mean that not all the children receiving free school meals will be in receipt of Early Years Pupil Premium funded interventions at one time.

At Beechdale Nursery school we see raising the attainment of disadvantaged children as part of our commitment to help all children to achieve their full potential by:

- Promoting an ethos of attainment for all pupils rather than stereotyping disadvantaged children as a group with less potential to succeed
- Having an individualised approach to addressing barriers to learning at an early stage through early intervention
- Focussing on high quality teaching and effective deployment of staff to support disadvantaged children
- Make decisions based on detailed data analysis and responding to evidence each term
