- 3) Ensure everyone is advised to clean their hands thoroughly and more often than usual.
- 4) Ensure good respiratory hygiene for everyone by promoting the 'catch it, bin it, kill it' approach.
- 5) Maintain enhanced cleaning, including cleaning frequently touched surfaces often, using standard products such as detergents.
- 6) Consider how to minimise contact across the site and maintain social distancing wherever possible.
- 7) Keep occupied spaces well ventilated.
- 8) Ensure individuals wear the appropriate personal protective equipment (PPE) where necessary.
- 9) Promote and engage in asymptomatic testing, where available.
- 10) Promote and engage with the NHS Test and Trace process.
- 11) Manage and report confirmed cases of coronavirus (COVID-19) amongst the school community.
- 12) Contain any outbreak by following local health protection team advice.

[Added-The school are following Schools coronavirus \(COVID-19\) operational guidance](#)

Added- An infected person can pass on the virus through talking, breathing, coughing, or sneezing even if they do not have any symptoms.

| School BJ | COVID-19 Risk Assessment | 2.0Spring | March 21 | July 2023 | 2/21 |

| Hazards/Issues | Risk Rating H/M/L (before) | Controls already in place | Further Action required | Risk Rating H/M/L (after) | By Whom & When |
|--|----------------------------|---|--|---------------------------|----------------|
| 1. Staff and Pupils and the wider school community | | | | | |
| NHS COVID-19 Vaccination | H | -COVID-19 vaccination programme has commenced in the local community. -Priority groups have been identified and the community that the school is part of are being vaccinated. -Staff and pupils that have been identified as CEV/CV have been included in the priority groups identified. | | L | |
| Asymptomatic Testing-Lateral Flow Device (LFD) Testing in School/ Home testing | H | -Current guidance followed-Rapid testing remains a vital part of the plan to suppress the virus. Schools are following the guidance set out for their settings: • Primary schools, school-based nurseries and maintained nursery schools • Secondary schools and colleges • Specialist settings - | -Registers to be maintained to ensure that staff who have given consent are participating in the testing programme, taking sickness absence into consideration. -Parents/Carers to be contacted and made aware that Rapid lateral flow testing is now available to households and bubbles of school pupils and staff. | L | Head teacher |

|--|--|--|--|--|--|
| | | | <p>requirement to wear face coverings in schools or in public places.</p> <p>-A face visor or shield may be worn in addition to a face covering but not instead of one. This is because face visors or shields do not adequately cover the nose and mouth.</p> <p>-Face visors or shields should not be worn as an alternative to face coverings. They may protect against droplet spread in specific circumstances but are unlikely to be effective in reducing aerosol transmission when used without an additional face covering. They should only be used after carrying out a risk assessment for the specific situation and should always be cleaned appropriately.</p> <p>-Ensure that the school is holding sufficient stock levels of face coverings to support visitors/staff and pupils who may need to be supplied with a face covering.</p> | | |

4.Managing a staff member/ pupil positive case

| | | | | | |
|---------------------------------|---|---|---|---|--|
| LFD/COVID-19 Positive result | H | <p>- Public Health have advised that an LFD positive test is acted upon in the same way as a Covid positive case as the purpose is to break the chain of transmission as soon as possible. Although there is a possibility of a confirmatory PCR coming back negative, it is more likely to confirm the positive status.</p> <p>-Head teachers report the confirmed case to the COVID-19 Education settings reporting tool.</p> <p>-Close contacts are defined as;</p> <p>-Anyone who lives in the same household as another person who has COVID-19 symptoms or has tested positive for COVID-19</p> <p>-Anyone who has had any of the following types of contact with someone who has tested positive for COVID-19:</p> <p>Face-to-face contact including being coughed on or having a face-</p> | <p>-Where a staff member LFD test is positive they are to self-isolate and arrange a lab-based polymerase chain reaction (PCR) test to confirm the result if the test was a home test. If a confirmatory PCR comes back as negative and staff member/pupil have no symptoms, then they can stop isolating. The school identifies close contacts of the staff member/pupil to self-isolate based on a positive LFD. If a confirmatory PCR comes back as negative and close contacts have no symptoms, then they can stop isolating.</p> <p>-Those with a negative LFD test result can continue to attend school if they are free from symptoms.</p> | L | |
